

## DiamAndes de Uco Cabernet Sauvignon 2014

*Valle de Uco - Mendoza - Argentina*

*In the very heart of Clos de los Siete (Uco Valley, Mendoza), Bodega DiamAndes produces intense, complex, elegant wines for enjoying now or for laying down. In this unique terroir - a single block of 130 hectares at 1,000 metres above sea level in the Andes foothills - our proud Bordeaux heritage converges with the very best of Argentinean expertise.*

Surface : 130 hectares

Terroir : Clay and sand with a large quantity of pebbles. In the Uco Valley, in the foothills of the Andes Mountains, at an altitude of 1100 m.

Planting density : 5 500 plants per ha

Vine care : Vertical trellising, green harvest, handed leaf thinning

Harvest : Handed picking with small crates, cooling in cold room, handed double sorting. No crushing

Vinification : Entirely gravity-operated process. Gentle extractions with fractional pumping over; slow, fermentation kinetics at low temperatures.

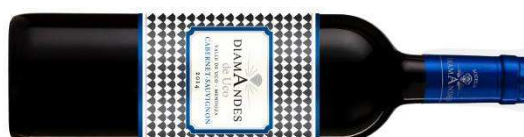

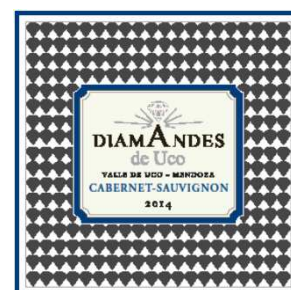

64 small temperature-controlled stainless steel vats (isolated with a double jacket). Unique in South America !

Ageing in French oak barrels.

Consultant Oenologist: Michel Rolland

## **DiamAndes de Uco Cav-Sauv 2014**

*Valle de Uco - Mendoza - Argentina*

### ***Press Release***

#### **James Suckling – May 2016**

**92** A refined and pretty cabernet sauvignon with currants and hints of coffee and spice. Full to medium body, fresh finish. Fine tannins. Better in 2017 but already has beautiful elegance and brilliance.

#### **Tim Atkin – March 2016**

**91** You'd expect a winery with a Bordeaux connection (the same family owns Château Malartic-Lagravière) to be good at Cabernet Sauvignon, and you'd be right. This is a serious, focused example of the grape, which is aged in 50% new oak and has grassy, cassis-scented notes and plenty of texture. 2017-22
